Fax: (808) 524-6861

To the parents of \_\_\_\_\_,

As you realize by now, your child's experience at St. Theresa is about more than getting an education. It is about developing them and nurturing their individuality, teaching them responsibility and instilling them with Christian values. Our goal in STS Parent Association is to assist the school in accomplishing these endeavors. We fundraise to help the school fund their various programs such as our athletic teams and our drama & music clubs. We also sponsor events to reward our students such as our Halloween Night and our Family Fun Fest.

Our ability to support the school is dependent upon the support of our parents. Unfortunately, for all that we hope to do for the school, we have less than 100% participation from our families. The burden of planning & staffing all the functions that benefit our children has been falling upon the shoulders of fewer parents year after year.

We don't want to see the cancellation of fun events such as Halloween Night or Family Fun Fest, but with limited response, we may have to consider it. Please help us and your children out by volunteering to help for one or more of our events. A calendar listing of planned events is included so you can make arrangements in advance to assist us. Please fill out the attached commitment form and return the bottom portion to your homeroom teacher.

With your help, we can keep our fun events and bring back some others like movie night or even introduce others that are often proposed. Your involvement means we can help the school meet their budget shortfall and pay for transportation to away games and for new outfits for this year's production. Your volunteering just ensures a better & more fulfilling experience for your child.

Again, please fill out the attachment and show your support for not just the school & Parent Association but specifically for your child.

Mahalo,

STS Parent Association
